

Conversation Café Exercise

Think back on your experiences and put yourself in others' shoes; imagine what the experience of being a person/client/resident, a family member, a care provider, or system-level administrator may be like.

Reflect and engage in discussion at your table about what is important for you from different perspectives.

Complete Statement 1: “In the context of receiving care, as a person receiving care, it is important that.....”

Tables 1, 5, 9, 13, 17, 21, 25, 29, 33, 37

Complete Statement 2: “In the context of providing care, as a care provider it is important that.....”

Tables 2, 6, 10, 14, 18, 22, 26, 30, 34, 38

Complete Statement 3: “In the context of organizing the healthcare system, at a system-level it is important that.....”

Tables 3, 7, 11, 15, 19, 23, 27, 31, 35, 39

Complete Statement 4: “In the context having someone receiving care, as a family member/friend/loved one it is important that.....”

Tables 4, 8, 12, 16, 20, 24, 28, 32, 36, 40
